Locations of diversions made to River to date (N. 11th, Parcel A, Standford or N. 4th, N. 3rd)

KVWPCA will add ownership transfer of diversion manholes to acknowledgement

Borough & KVWPCA may want to switch KVWPCA manhole lids (Sanitary to Storm)

KVWPCA & Borough to review Parcel A invert issue

Outflow higher than inflow

May create a future maintenance issue

May want to place concrete in invert prior to property transfer

KVWPCA Manhole at end of S. 2nd and River - Erosion around manhole

KVWPCA indicated that they will raise this manhole Spring of 2015

KVWPCA Project

Project completion - 10/2015

Waiting on project completion & new flow monitoring

Revised rates will be determined based upon flows

Apollo should attempt to reduce as much flows as possible to keep rate as low as possible

Still need to schedule inspections of Apollo house ports in order to help reduce flow

Apollo Borough could pursue CDBG funds to provide low flow toilets for low income residents

These toilets would reduce sewage discharges to KVWPCA

These toilets would also reduce water usage

Overall would provide general and specific cost savings to homeowners
