KVWPCA Project

- Project completion - 10/2015
- Waiting on project completion & new flow monitoring
- Revised rates will be determined based upon flows
- Apollo should attempt to reduce as much flows as possible to keep rate as low as possible
  - Still need to schedule inspections of Apollo house ports in order to help reduce flow
  - Apollo Borough could pursue CDBG funds to provide low flow toilets for low income residents
    - These toilets would reduce sewage discharges to KVWPCA
