

General Services - OCA#201618A

Street Opening Ordinance - Council to approve

Need to notify utility companies & meet regarding ordinance and grant projects,

Will need to contact regarding permits for 2017

N. 11th Street Culvert Replacement

Opening of connection between Scenic Drive & Pegtown Avenue

Coor. With Ron Good - thought we wanted it paved - noted that gravel would be good enough

Waiting on North Apollo to perform construction work

Waiting on RRWA and N. Apollo about right-of-way dedication issue

Awaiting final design information from PADOT

Archaeological investigations will be occurring later this month

PADOT will be starting ROW acquisition in January 2017

PADOT would like to schedule a meeting in January

PADOT construction Summer of 2019 for project

Sanitary system redesign awaiting final project design from PADOT

Reviewing options for Scenic Drive & S.R. 0056 intersection

Wooster made minor report revisions and submitted back to PADOT

Waiting on PADOT review comments or approval

Council may want to support access from the Steel property to N. 11th Street to be added

Assuming a future light, it would be more ideal for traffic to make left on N. 11th than 66

A bridge may help with the sanitary sewer crossing of the channel

PADOT Paving of First Street (S.R. 0056)

Inlet at First Street

PADOT may adjust paving to direct runoff away from ramps

Apollo to investigate pipe type and depth for PADOT

Apollo Borough Sanitary Sewer Services - OCA#201618C

KVWPCA

River Offfalls KVWPCA ownership transfer of diversion manholes to acknowledgement

Flow data report (still waiting)

Flow monitoring of the Apollo System to begin December of 2016 and continue for 6 months

The flow monitoring will be used to determine the new sewage rates for each community

Elimination of infiltration will help to reduce flow to plant and new rates for sewage

Inspection ports could be reviewed during rainfall events to verify compliance

The Rural Watershed Association could be contacted about doing inspections

A grant could be sought for getting low flow toilets installed to reduce flows

2016 PADEP required reporting data to KVWPCA by Apollo

OCA prepared calculations

OCA received EDU values from Kiski (250 gpd) Twp. & N. Apollo (220 gpd)

EDU calculations

Apollo Ordinance - 15,000 gpd or 167 gpd

Typical calculation - 100gpd per person - 2.36 people per household - 236 gpd

Commercial and high water users being charged more

Value to KVWPCA will most likely be under reported

May want to modify ordinance - base upon current census data

Apollo Borough Grants - OCA#201518D

Greenways - OCA#201518D.02 - approved by DCED for \$150,000 - Apollo match \$26,470.59

Multimodal - OCA#201518D.03 - approved by DCED for \$166,325 - Apollo match \$71,282.15

Funds need to be used by June of 2019

Owens Grove, N. 2nd, Hose House Alley, as one project for 2017 construction season

Railroad Street widening and trail work as other project for 2018 construction season

Design work being completed

Armstrong County Watershed Plan Advisory Committee (WPAC) - OCA#201418F

Draft Act 167 plan waiting on County to finalize

Apollo MS4 - OCA#201518F

Found out that North Apollo is filing a wavier to the MS4 program

Inquired about who was performing work and asked about coordinate efforts
